

# Monthly Book Reviews

2022-2023 Grades 5-8

Once a month, each student will be required to present a review on a book that they have read from one of **our class** libraries. They may pick the way they present from the Monthly Book Review Project Book (various options available). They must choose a different presentation style each month. Therefore; they will present (8) different presentations when the year is complete.

Each student is responsible for ensuring that their book review project is ready before the due (presentation) dates below each month. Specific class time will not be allowed for this monthly project. This is a change from years past, however; students will still be allowed to work in their free time at school along with spending time at home finishing their monthly review project. All students must be ready to present on the Presentation/Due Dates. If a student is not ready, 10 points (each day) will be deducted from that month's grade and they will have to complete a questionnaire based on the book in addition to their project.
